

# Start a cyber security traineeship

and one day you can:

- be a qualified cyber security technician or ICT manager
- be a contractor/employer
- be a business owner

# Finish a Certificate IV in Cyber Security

as part of a traineeship.

**Result** — you are a qualified cyber security support technician

# Finish a Certificate IV in Small Business

You can do that part-time while you earn money

**Result** — you are ready to start your own business

**Follow the pathway into your career now**
